

New Student Outreach Scorecard

Chapter, Ministry, and/or Campus Name: _____

This New Student Outreach (NSO) Scorecard does not measure your love for Jesus or how valuable you are to God. Please have fun with it! We pray this is a useful tool as we reflect on how to show Jesus' love to every corner of campus.

Green - We do this regularly, with good quality.
 Yellow - We do this, but it's hit-or-miss.
 Red - We do not do this at all.

NSO PRAYER Prayer is our foundation for NSO. Our chapter prays in preparation for events.			
NSO PLANS Our chapter plans NSO events where we meet and befriend new students.			
NSO RETREAT & TRAINING Our community reconnects and trains on invitations, follow-up, and other NSO habits.			
CULTURE OF INVITING Our chapter invites people into our community.			
TABLING Our chapter tables during NSO and gets contact cards.			
PROXE Our chapter hosts Proxes* and gets contact cards through them.			
CONTACT CARD FOLLOW-UP Our chapter has an effective method of collecting and organizing people's information, which enables us to follow-up promptly.			
BEFRIENDING New students feel important and befriended during our follow-up.			
WE LAUGH We create moments where new students laugh and have fun with us.			
HELPFUL DEBRIEFS Staff (or leaders-of-leaders) interpret lessons from God, pastor students to overcome suffering (meeting strangers, rejection, long hours) and celebrate the God-moments.			
INVITATIONS TO FAITH Each small group does an invitation to faith in the first month of school.			
TOTALS			

* Proxes are interactive visual displays meant to start spiritual conversations on campus and gets contact cards through them.

FAQ

Who is this for?

This resource was created for Campus Staff Ministers (CSMs) to quickly see the basics of good NSO. The hope is that CSMs will discuss their plan with their Area Director and review this scorecard together. Larger chapters with an exec team could do this activity together.

When should I fill this out? At what point in my year?

It depends on your context. We recommend using the scorecard when first thinking through the fall (usually mid to late spring) and again at the end of NSO as part of debriefing.

How do I fill it out?

Read each prompt and select which color best represents your chapter. But try to go quickly and don't overthink it. Your gut instinct can help you get a more authentic snapshot of your ministry.

Am I supposed to score all greens?

No. In fact, you might only need to become green in a few rows for your context. Discern these areas of growth with your supervisor.

I feel judged or ashamed from this exercise. What should I do?

Any evaluation tool can make you feel judged or overwhelmed. Take a moment to pray and offer these feelings to Jesus. This scorecard is designed to help you recognize your current reality and create a wise growth plan for the next one to three years. Please take risks, give yourself a lot of grace, and learn from what you try this year.

I'm not good at planning and executing events. How should I try and grow in this?

We suggest setting two goals per event:

- Qualitative (what vibe do you hope for)
- Quantitative (how many people will be impacted)

Afterwards, learn from the event. Did you impact people the way you hoped? What helped and/or hindered reaching your qualitative and quantitative goals? What's one thing you could do differently next year?
