

God designed a beautiful world, and we all experienced **WHOLENESS** in our bodies, minds and souls.

WHAT IF GOD DOESN'T REALLY CARE ABOUT US?

The weight of trying to design perfect lives for ourselves is crushing. This has led to our own **SUFFERING** and the suffering of others.

God **CARES** about our suffering so much that he decided to come into the messy world we created and died for us.

In the biggest **MIRACLE** of all, Jesus rose from the dead. Followers of Jesus are empowered to join him in his mission: to bring his wholeness, justice and love to our hurting world.
